## PUBLIC COURSE DATES 2011

Whether you have five people working for you or 500 you have a statutory duty to ensure that your staff are competent. If your staff aren't properly trained you leave yourself open to prosecution for not complying with current legislation and employees can claim you are negligent in regards to their safety.

RSA is a registered training centre for the Chartered Institute of Environmental Health (CIEH) and Highfield Awarding Body of Compliance (HABC) at all levels. If any of these courses are what you are looking for to train your staff then please do not hesitate to contact us for further details.

All the courses below will be held in Northamptonshire and include the cost of exams, fees, hand-outs, books and refreshments. If you have a few to train please contact us for an in-house training price.
